- You can take part in one event or all six
- Events may run alongside regular competitions
- Entry fees are set by the host club

### Who Can Enter?

- Teams/pairs can be friends, family, yard mates, or clubs
- You can register up to 10 riders for your team — just choose any 4 to compete at each event (up to 6 can enter for Team Quiz)
- No age or level restrictions (except not suitable for lead rein)
- Riders can enter any classes
- Clubs can enter multiple teams per event
- You can use different riders and horses from your team pool (of 10) at each event

### Points League

Want to compete for series prizes? Join the Points League and earn scores across the season. There are three league types:

League Type	How It Works
Team	Register a team. You can rotate riders, but once a rider competes for a registered league team, they can't earn league points with another team.
Pairs	Stick with the same 2 riders all season. Pairs can be adults, juniors or mixed. You don't have to be in a team to enter this.
Individual	Open to anyone. Your results at events count whether you ride in a team or alone.

- You can enter more than one category (e.g., team + pairs + individual)
- You must register before an event for those results to count

### League Entry Costs

£5 per person – this will enter you into the team league, pairs league (you would need to specify on your entry who your team/other pair is) and individual league.

### How to Register

- Fill in the [quick online form](#)
- You only need to register once for the season
- Register any time — but only future results will count
